9-12**1/8**

[The East Central Energy Scholarship is open for applications.](#)

In 2021, ECE will award three \$1,500 scholarships to students planning to participate in approved post-secondary degree programs. These scholarships are available as the result of Capital Credits, which have remained unclaimed after several attempts to locate past members of the cooperative. ECE is excited to be able to use this money for something as valuable as education.

Scholarship Eligibility & Program Requirements

1. Students who are being considered for an ECE scholarship must be an ECE member or son or daughter of an ECE member.
2. Selection criteria to determine deserving recipients is based on their academic achievement and financial need. If those are equal, the decision is based on community involvement.

Applications should be turned into the Guidance Office or emailed to Scholarship@superior.k12.wi.us by March 26th.
