"Home of the Spartans"

SPIRIT DAY

Wednesday, 28th

**WEAR YOUR FAVORITE
SPARTAN GEAR**

Hello!

Just a reminder that there is a little over a week left for students to register for our Manufacturing Day Event being hosted on our campus on October 13th from 9-11:30! We encourage any junior and senior high school students interested in the fields of welding, industrial maintenance, or machine tool to register for this event, as it will be a fun and engaging way to learn more about these careers! There are still quite a few spots open as of right now, but we suggest students don't wait to register if interested, as this event is capped at 30 attendees.

As I mentioned before, this event will include hands-on, interactive breakout sessions to learn more about each of the previously mentioned programs, and then also giveaways, prizes, and lunch! This is a really great opportunity to hear and learn from women and men in the industry. The registration link for the event is below and I have again attached a pdf flyer with more information. Please let me know if you or your students have any questions on this.

REGISTER FOR EVENT HERE!

Thanks and have a great rest of your day!
