Any 12th grade students coming in to present their senior projects on this day are reminded that they need to remain on first floor, and that testing is going on throughout the building. Please keep noise to a minimum in the hallways.

All winter athletes were told to clean out their varsity lockers they used for their winter sport. Unfortunately not every male winter athlete did this so we have removed any items left in lockers from male winter sports. These items can be found in the activities office. They have been in my office for about two weeks now. Any items not claimed by Friday, April 12 will be the property of SHS and either thrown or recycled to the SHS clothes closet or winter sport team. If you played a winter sport and did not clean out your locker in the boys locker room, see me by Friday to claim your items.

<p>This week there will be two business lunch opportunities. The first will be on <u>Tuesday, April 9th</u> when representatives from the following WITC programs will be available to talk with students:</p> <p>Early Childhood-Early childhood educators work with young children during the pivotal years that build the foundation for future success. They use play, science, art, language, math and music to help young children of all abilities and backgrounds develop physically, cognitively, socially and emotionally. If you have a passion for education and creativity, and you enjoy working with young children, consider a fun and rewarding career in early childhood education!</p> <p>Accounting- Accounting is one profession that can lead you to multiple career options. Businesses and organizations of all sizes need to employ accountants. You can secure jobs in a variety of industries including retail, healthcare, manufacturing, construction, governmental agencies and non-profit organizations. Also, your choices abound within the accounting field. You can choose from tax, cost, audit, government, payroll and financial accounting.</p> <p>Medical Assistant- As a program graduate, you will be trained to perform clinical procedures and lab tests, and develop the office skills you'll need for employment in a physician's office or clinic. The curriculum includes a six-week clinical office practicum.</p> <p>Pharmacy Tech-As the need for clinical pharmacists increases to meet today's healthcare demands, so does the need for well-trained pharmacy technicians. Area employers are seeking highly-skilled graduates to fill their pharmacy technician positions.</p> <p>Machine Tool-Machining is the foundation of manufacturing. In this program, you will become proficient in the set up and operation of manual mills, lathes, grinders, drills and saws as you complete increasingly complex projects while holding tight tolerances.</p> <p>On <u>Thursday, April 11</u> the Douglas County District Attorney Mark Fruehauf will be in to talk about careers in law and public service.</p> <p>Stop by the tables at lunch to learn more!</p>	<p>9-12</p>	<p>Anderson 4/11</p>
